18. Proposal by Housing Authority for Additional Officers on Housing Authority Beat – Holt Moore, City Attorney

The Housing Authority of the City of Lumberton has proposed stepping up the Housing Authority Beat by adding three officers to the existing one officer, for a total of four, with the cost being split (they propose) 65% by the Authority and 35% by the City. A memorandum discussing the matter in more detail, a copy of the proposal e-mail from the Authority, and a per-officer cost breakdown are included with this agenda item. If the Council were inclined to accept the proposal, or if an alternative proposal can be agreed upon, an appropriate revised agreement with the Authority will be drafted.

Consider the proposal from the Authority and either accept it, reject it, or make a counter-proposal.

CPC was presented with an updated memo specifying the details of the grant for the four officers. If the grant is approved, the cost would be shared by the Authority and the City as follows in a similar scenario:

- The grant would be for three (3) years.
- It would cover the cost of the officers but not vehicles, gas, etc.

The funding would be as follows:

- Cost of four officers, including benefits, annually: \$208,264.60 (\$52,066.15 x 4)
- Cost covered by grant (annually): \$156,198.45
- Cost covered by Authority (annually): \$52,066.15

- City would provide existing vehicles and fuel, and uniforms – very minimal expense compared to the 35% initially proposal.

After looking at the options, the Council Policy Committee gave authorization to the Police Department to apply for the COPS grant and to extend the current agreement with Lumberton Housing Authority.
