- Jantzen Brantley Rezoning Request for property located at 3571, 3417, and 3467 Lackey Street (parcel #1008-01-009-03, 1008-01-022-03, and 1008-01-022-03A) (Deed Book 933 Page 0382 and Deed Book 1349 Page 0781). – Brandon Love, Planning Director
 Jantzen Brantley has submitted a Rezoning Petition for property located at 3571, 3417, and 3467 Lackey Street (parcel #1008-01-009-03, 1008-01-022-03, and 1008-01-022-03A). This request is to rezone property from B-5 (Business Highway Services) to B-4 (Business General Commercial).

CPC to review the request, refer the petition to Planning Board for their review, and authorize the Planning Director to set the date of the public hearing.

Brandon Love, the Planning Director read into record the amendment made to the petition which stated: We currently have 26,000 sq. ft. of office space lease. Under present zoning if a tenant moves out, we are unable to lease for office space. B-4 zoning will allow us to rent this office space. Mr. Jantzen Brantley and Ms. Helen Locklear appeared to speak on behalf of the petition.

6. Acceptance of Northeast Park Scoring Tower Informal Bids – Brandon Love, Planning Director
- Informal bids were solicited from seven local general contractors for the construction of the new scoring tower/concession stand at the Northeast Park. Six of these contractors received construction documents and bid packages for the project, however the seventh declined to participate. Bids will be accepted and publically read aloud on October 6, 2014 at 2:00pm at City Hall.
- Staff will be reviewing those bids received on October 6th and will be offering a certified bid tabulation and recommendation for contract award at the October 8th CPC meeting. Attached you will find a list of the six general contractors who have received bid documents.

7. Nexgrid Metering Scope of Work and Related Documents – Holt Moore, City Attorney

This agenda item relates to the Nexgrid metering project which was approved and budgeted by Council. There will be 200 electric meters and 200 water meters installed during this pilot program. Attached are the Scope of Work Agreement, Professional Services Agreement, Software License Agreement, and Ten Year Warranty. I have reviewed all of these documents found them to be satisfactory. The services portion of this agreement are exempt from the bid laws because all service agreements are exempt, and the remainder of the agreement is exempt as it qualifies for a group purchasing arrangement through Electricities. The hardware was purchased through Public Works and Electric Utilities and was exempt from formal bidding requirements the cost of the items fell under the informal bidding threshold.

Approve Scope of Work Agreement and associated documents.

8. RTTF Agreement for the Airport – Holt Moore, City Attorney

‘Residential Through The Fence’ users, in connection with the airport, are those who own property adjacent to the airport, and who access the airport, with their planes, from their own property - as opposed to those who actually rent space on the airport property. The FAA has determined that such users must pay some sort of fee for their use of the airport (in addition to property taxes, gas, etc). There is no such fee currently. The FAA has determined that this creates a noncompliance situation with its RTTF regulations. This noncompliance would cause problems with the airport obtaining grants from the FAA. This matter must be resolved by November 1st. Attached is a draft agreement for approval by Council and the Airport Commission. As the on-airport tie-down fees are only \$25 per month, it seems that a user fee of \$7.50 a month for the RTTF users, or something along those lines, would be appropriate. My suggestion is that Council authorize the use of the attached FAA-approved template agreement, and approve such agreement with these users for a fee of no more than \$10 a month, the exact amount to be determined by the Airport Commission, who we anticipate will hold a special meeting within the next few days to ensure that this is completed well before the November 1 deadline.

Approve attached draft agreement for use with RTTF property owners, and authorize Commission authority to set a monthly fee of no more than \$10.00 as part of these agreements.

9. Lease With Lumberton Rescue & EMS - Fire Station 2<< This Will Appear On Agenda Outline >> – Holt Moore, City Attorney

At the August CPC Meeting, Council gave staff direction to move forward with working out a lease agreement with Lumberton Rescue & EMS for their use and occupation of what has heretofore been referred to as Fire Station 2; the plan is for the building to be appropriately renamed as part of the transition. Attached is a very straightforward lease which the City Attorney has drafted towards this end. It has been approved by Lumberton Rescue & EMS. Approve lease agreement. << Recommendation >>

10. Resolution in Support of the Atlantic Coast Pipeline – Wayne Horne, City Manager
I received a letter from David McNeill representing Duke Energy asking the City of Lumberton to adopt a Resolution in Support of the new 550-mile interstate natural gas pipeline that will extend from West Virginia, through Virginia and into eastern North Carolina. The new pipeline will be located around Interstate 95 corridor in North Carolina allowing Duke Energy Carolinas and Duke Energy Progress to:

- Bring new supplies of natural gas to North Carolina
- Help mitigate price increases
- Improve the reliability and geographic diversity of natural gas
- Enhance delivery capacity in eastern North Carolina
- Serve as a powerful engine to drive economic develop and job growth; and
- Generate new tax revenue for local governments.

Duke Energy is asking the City to endorse the attached resolution as it will bring benefits to this State.

That CPC consider this request for endorsement.

11. Purchase of a 101 ft. Platform ladder Truck – Wayne Horne, City Manager

Chief Ivey has been working on several options for the replacement of the 1991 Tower 1, 95 ft Ladder Truck. The first option is the refurbishing of the truck by E-One Factor Service Center at a cost of \$385,000. Council had approved \$400,000 in the current year budget for these project. In evaluating this option it was determined that critical items such as;; Diesel Engine, Transmission, Rear End and Axles, Diesel Generator, Pump Transmission were not included in the refurbish estimate.

The Second option for Council consideration is the purchase of new truck, the cost of new truck depending on the model and equipment is \$1.1 million. Chief Ivey has secured a quote of \$815,000 for a new 101 ft. Rosenbauer Ladder Truck (demonstrator) from C.W. Williams & Co of Rocky Mount, this price will be reduced to approximately \$775,000 when the proceeds of the sale of the 1991 Tower 1 Truck are applied. This truck is can be purchase under the HGAC buying program which is similar to state contract purchasing.

The debt service payment for financing \$400,000 for 7 years is \$61,876.07. By extending the terms of the financing to 15 years the debt service for \$815,000 is \$71,502.21 per year.

Staff recommends that Council consider both options and instruct staff on how to proceed
